Regular Session

- Legislative Sessions begin at noon on the first Monday in February and must adjourn by no later than 5:00 p.m. on the last Friday in May.
- However, in odd numbered years (years following an election) the Legislature meets on the Tuesday after the first Monday in January for the sole purpose of determining the outcome of the statewide elections.
- The current 2016 session is designated as the Second Session of the 55th Legislature.

Special Session

- Special sessions can be convened as follows:
 - Issued jointly by two-thirds of the members of the Senate and two-thirds of the members of the House of Representatives, OR
 - Call of the Governor.
- Special sessions can run concurrently with regular sessions.

Where Do Bills Come From?

- Request of a government agency or local government
- Request of an interest group
- Request of a constituent
- National model legislation (e.g. NCSL, ALEC)
- Governor
- Legislator's interest
- Interim Study

Preparation

- All bills must be requested and introduced by a legislator
- The deadline to request a bill is December 11, 2015
- The deadline to introduce a bill is January 21, 2016 (with some exceptions – see slide 16)
- House members may file “shell bills” without substantive language as a placeholder to be filled in later. Shell bills are prohibited in the Senate.

Volume of Legislation

- Legislators may introduce an unlimited number of bills
 - For non-leadership House members, only eight bills per session may be assigned to regular committees for consideration. Extra bills are sent to the Rules Committee.
- In the 2015 session, the Legislature considered 2,176 bills and joint resolutions, of which 214 Senate measures and 184 House measures became law. Governor Mary Fallin vetoed 17 measures and one of those vetoes was overridden by the Legislature.
- Since most measures not acted on in the first session of a legislature carry over to the second session, the 2016 session will start with 1,724 measures carried over from the 2015 session.
- This year (2016), 746 new bills and joint resolutions have been filed in the Senate and 952 have been filed in the House.

Committee Hearing

- 
- Bills are considered by committees only if put on the agenda by the chair.
 - Committee hearings may offer opportunities for supporters and opponents of legislation to have their voices heard.
 - Bills can be changed through amendments. A substantial change to a bill is rewritten as a “Committee Substitute.”
 - Bills are reported from committee with recommendations.
 - If the bill is not heard or it fails to receive a simple majority vote, it is said to “die in committee” (or “report progress”);
 - If the bill received a “do pass” motion and secured a majority vote of the committee members, the bill is printed and placed on the general order for consideration by the full body of the chamber.
 - Bills assigned to the Appropriations Committee must be approved by the subcommittee and the full committee before advancing.

Third Reading

- From committee, bills are placed on General Order and then brought up for a third reading for the full body of the chamber.
- Substantial changes to a bill are written as a “Floor Substitute.” House rules require that Floor Substitutes be submitted 48 hours prior to a bill’s hearing.
- All bills must receive support from a majority of the full membership to pass (51 votes in the House, 25 in the Senate). Emergency Clauses attached to bills and measures that change the constitution require 2/3rds majority vote.
- All bills have titles. If members “Strike the Title,” the bill becomes “defective” or “crippled.” This action ensures that it will come back for further consideration. This mostly happens to bills containing financial impacts to the state or that are works in progress.
- Bills that pass are sent to the other chamber.

Opposite Chamber

- Following successful passage of a bill in its chamber of origin, it becomes “engrossed” and is sent to the opposite chamber.
- Bills advance through the same process of First Reading, Second Reading, committee consideration, and Third Reading as in the original chamber.
 - There are some variations in the procedures used by each chamber as specified by the House and Senate Rules.
 - Bills can have their titles stricken during this process.
 - For bills that already have stricken titles, the second chamber may “Strike the Enacting Clause,” which further ensures that the bill will not advance without further consideration by both chambers.
- If bills pass the opposite chamber unchanged, it becomes “enrolled” and is sent to the Governor for her/his action.
- If bills are amended in any way, they are returned to the original chamber for additional consideration.

After Third Reading

- Once the bill returns to the original chamber, the author can:
 - Move to accept the amendments. If approved by a vote of the chamber, it is moved to Fourth Reading and Final Passage under the same rules as Third Reading; OR
 - Move to reject the amendments and send the bill to conference committee.
- Bills with stricken titles and/or enacting clauses must be sent to a conference committee to advance further.

Conference Committee

- Committees contain at least three members assigned by House and Senate leadership.
- Appropriations bills and bills with budgetary impacts may be referred to the General Conference Committee on Appropriations (GCCA).
- Beginning in 2011, the House has established eight permanent standing conference committees that hold public meetings and votes. Previously, few conference committees other than the GCCA actually met.
- On the Senate side, conference committee negotiations remain closed to the public.

Conference Committee Reports

- A Conference Committee can:
 - Accept the amendments from both houses.
 - Reject the amendments of both houses and propose a Conference Committee Substitute.
 - Conference Committee Substitutes can at times bear little resemblance to the original legislation proposed. They may contain language from bills that were defeated or not heard earlier in session.
- Action taken by a Conference Committee results in a Conference Committee Report (CCR). The report must gain a majority of signatures from members assigned to the committee from each chamber.
- CCRs must be filed and posted online for a minimum of 24 hours before they can be considered by the House.
- CCRs are submitted to a vote of the originating chamber first. Reports can be approved or rejected, but not amended.
- If a CCR is approved, it is then brought up for a vote on fourth and final reading. If approved, the CCR is brought to the second chamber for approval.
- If a CCR is rejected, another conference may be requested with the same or different members appointed by the two chambers.

Action by the Governor

- An enrolled bill approved by both chambers is transmitted to the Governor. The Governor can do the following:
 - Sign the bill into law within five days.
 - Allow the bill to become law by taking no action within five days when the legislature is in session.
 - Veto the entire bill. The legislature can override the Governor by a 2/3rd majority vote (68 votes from the House and 32 from the Senate). If the bill contains an emergency clause, the veto must be overridden by a 3/4th majority vote (76 votes from the House and 36 from the Senate).
 - Line-item veto spending items in appropriations bills. Such vetoes are similarly subject to being overridden by the legislature.
 - Following legislative adjournment, the Governor has fifteen days to sign the bill, veto a bill, or exercise a “pocket veto” by taking no action.

To Find the Status and History of a Bill

1. Go to **www.oklegislature.gov**
2. Under the “Legislation” menu:
 - Select “Basic Bill Search” if you know the bill number and it is from the current session.
 - Select “Advanced Search Form” if you want to find multiple bills, bills from previous sessions, and/or all bills authored by a particular legislator.
 - Select “Text of Measures” to see all measures in a particular session and chamber, or select “Search Text of Measures” to find a particular word or phrase in a current bill.

NOTE: “Introduced” is the initial version of a bill.

“Engrossed” is the version that passed the first chamber.

“Enrolled” is the final version.

Revenue and Budget

- The legislature appropriates for the upcoming fiscal year (July 1 to June 30).
- Constitutional Tax & Budget Restrictions:
 - The Oklahoma Constitution requires a balanced budget.
 - Under SQ 640, revenue bills must be approved by a 3/4ths vote of the legislature or a vote of the people at the time of the next general election.
 - Appropriations cannot be increased year to year by more than 12 percent plus inflation.
- Appropriation totals are based on projected revenue as certified by the Equalization Board in December (preliminary) and in February (final).
- The Board projects upcoming revenue for the year for each appropriated fund based on estimates of tax collections.

For a complete discussion of the budget process and glossary of terms, see OK Policy's Online Budget Guide at <http://okpolicy.org/resources/online-budget-guide/>.

BUDGET PROCESS

	Legislative Review of State Agency Budgets; Passage of Budgets for State Agencies

					Preliminary Certification of State Revenue by the State Board of Equalization for next year

Appropriating Revenue

- The largest fund subject to appropriations is the General Revenue (GR) Fund. Other major funds have restricted purposes.
- The legislature cannot appropriate more than 95 percent of certified funds for the upcoming year. This allows for a budgetary cushion in case of a revenue shortfall.
- During the fiscal year, if GR falls below 95 percent of the certified projection, a budget shortfall is declared and across-the-board cuts proportional to the shortfall become necessary.
- Some funds are not certified and the legislature can appropriate 100% of the projected revenues (e.g. HB 1017 Education Reform Fund).

Rainy Day Fund

- General Revenue collections exceeding 100% of certification are deposited in the Constitutional Reserve Fund (known as the Rainy Day Fund), created in 1985.
- Money in the Rainy Day Fund can be spent as follows:
 - Up to $3/8^{\text{th}}$ for a shortfall in *current year General Revenue collections*;
 - Up to an additional $3/8^{\text{th}}$ if projected General Revenues collections for the *upcoming year are below* General Revenue collections for the current fiscal year;
 - Up to an additional $1/4^{\text{th}}$ upon declaration of an Emergency and legislative approval; and
 - Up to \$10 million from the RDF on tax incentives for at-risk manufacturers [SQ 725, 2006]

Rainy Day Fund History

- FY '03 - '04: Rainy Day Fund (RDF) depleted
- FY '06 - '08: RDF filled to constitutional cap
- RDF spent in 2010 Session for FY '10 and FY '11 operations
- \$249.2 million deposited at end of FY '11
- Additional \$328.3 million deposited at end of FY '12
- \$45 million spent on tornado relief and \$2.7 million deposited in FY '13
- \$150 million spent on FY '16 operations

Rainy Day Fund Fiscal Year Opening Balances (in \$ millions)

State Budget

- State agencies combine funding streams and sources. Three main funding sources pay for government operations and programs:
 - State Appropriated Funds,
 - Federal Funds, and
 - Revolving Funds (fees, millage, co-pays, etc).
- State agencies are either *appropriated* or *non-appropriated*.
 - Non-appropriated agencies are funded through fees, assessments, contributions, etc. (examples: Oklahoma Public Employees Retirement System, State Banking Department, Board of Nursing, and others).
